

Community Open House

for the DRAFT Unified Development Ordinance (UDO)

The UDO Steering Committee has spent the last year working with consultant Deborah Luzier from GRW to review the current ordinances and draft the necessary updates to bring the Town's ordinances up to date and help achieve the goals of the Comprehensive Plan. The UDO consolidates the Zoning and Subdivision ordinances into a single land use document for the Town of Avilla.

The Town of Avilla is unveiling the first full draft of the new Unified Development Ordinance (UDO) for public review and comment and would like the community's feedback and input.

Come any time at your convenience to ask questions, learn about the process, and provide additional feedback for consideration before we begin the adoption process.
